Teaching

Experience

Mr. Sabal has an extensive experience as a teacher of finance going back to 1986. He has addressed the most diverse groups of students including MBAs, undergraduates, and business executives. Over his long career he has taught almost every field of finance, although during the last years he has focused on the fundamentals of corporate finance, investment decisions under uncertainty and real estate finance.

Consulting

Experience

Mr. Sabal has directed many consulting projects. Most of these projects were in the area of corporate finance, connected to financial institutions (with emphasis in banking and insurance), financial valuations of corporations and on finance related restructurings.
